Meet the Team

- Milli: A curious and clever girl who loves math
- Geo: A friendly and imaginative boy who can transform into different shapes
- Bot: A loyal and helpful robot who provides technological support

The Mission

Team Umizoomi is on a mission to retrieve a stolen spaceship part that has been taken by a mischievous alien. As they chase the thief through the

galaxy, they encounter a series of obstacles that require their mathematical skills to overcome.

Math in Action

Throughout the book, Team Umizoomi uses math to solve problems and overcome challenges. They count stars, identify shapes, and measure distances. дошкольники and toddlers will learn about:

- Numbers and counting
- Basic geometry (circles, squares, triangles)
- Measurement (length, height)

Captivating Illustrations

The vibrant and engaging illustrations in this book will keep дошкольники and toddlers glued to the page. From the shimmering starscapes of outer space to the playful characters of Team Umizoomi, every image is a feast for the eyes.

Learning Made Fun

Outer Space Chase Team Umizoomi is not just an exciting adventure story; it's also a fun and effective way for дошкольники and toddlers to learn about math. By embedding mathematical concepts into a captivating narrative, this book makes learning feel like play.

Perfect for Preschoolers and Toddlers

This book is perfect for preschoolers and toddlers ages 3 to 6 who are curious about math and space. It's a great way to introduce them to basic mathematical concepts and encourage their love of learning.
