Ray Dalio is one of the most successful investors in the world. He is the founder and co-chief investment officer of Bridgewater Associates, the world's largest hedge fund. Dalio has a net worth of over \$20 billion and is known for his innovative investment strategies and his commitment to principled investing.

In this biography, we will explore Dalio's life and career. We will learn about his humble beginnings, his bold strategies, and his unwavering dedication to principled investing. We will also provide insights into his investment philosophy and how it has helped him achieve such remarkable success.

Early Life and Education

Ray Dalio was born in Queens, New York, in 1949. His father was a jazz musician and his mother was a homemaker. Dalio grew up in a modest home and attended public schools. He was a bright student and excelled in mathematics and science.

Dalio attended Long Island University and graduated with a degree in finance in 1971. After graduation, he worked as a commodities trader at Merrill Lynch. In 1975, he founded Bridgewater Associates with \$1,200 of his own money.

Bridgewater Associates

Bridgewater Associates is a global investment management firm that manages over \$150 billion in assets. The firm is known for its innovative investment strategies, which include global macro investing and risk parity.

Dalio is the co-chief investment officer of Bridgewater Associates and is responsible for the firm's overall investment strategy. He is also the author of several books on investing, including "Principles" and "Big Debt Crises."

Investment Philosophy

Dalio's investment philosophy is based on the principles of risk management and diversification. He believes that investors should focus on preserving capital and achieving long-term returns. Dalio also believes that investors should be willing to take risks, but only when they are well-calculated and within their risk tolerance.

Dalio's investment philosophy has been successful over the long term. Bridgewater Associates has outperformed the S&P 500 index by an average of 5% per year since its inception.

Personal Life

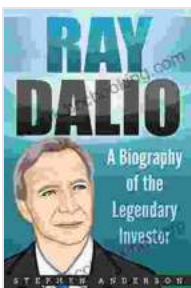

Dalio is married to Barbara Dalio, a philanthropist. The couple has four children. Dalio is a private person and rarely gives interviews. He is also a supporter of several charitable causes, including education and health care.

Ray Dalio is one of the most successful investors in the world. He is the founder and co-chief investment officer of Bridgewater Associates, the world's largest hedge fund. Dalio has a net worth of over \$20 billion and is

known for his innovative investment strategies and his commitment to principled investing.
