But in 1851, the painting was destroyed in a fire at the Capitol Building in Washington, D.C. For decades, it was believed to be lost forever. However, in 1951, a team of experts began searching for the painting. They eventually found it in the attic of a house in New York City.

The painting was in poor condition. It had been damaged by fire, water, and neglect. But the team of experts was determined to restore it to its former glory. They spent years carefully cleaning and repairing the painting. They also used modern technology to create a digital copy of the painting, which will help to preserve it for future generations.

The restored painting was unveiled in 2003. It is now on display at the Museum of the American Revolution in Philadelphia, Pennsylvania. The painting is a powerful reminder of the American Revolution and the sacrifices that were made by the patriots who fought for independence.

### **The Discovery of the Painting**

The Great Battle of ... was rediscovered in 1951 by a team of experts led by art historian John Wilmerding. Wilmerding had been searching for the painting for years, and he was finally able to track it down to a house in New York City.

The painting was in poor condition. It had been damaged by fire, water, and neglect. But Wilmerding and his team were determined to restore it to its former glory.
