The school offered a variety of courses, including:

- Lateral thinking
- Creative problem-solving
- Decision-making
- Memory and learning

- Communication

The school's courses were designed to help people develop the skills they needed to be more successful in their personal and professional lives. The courses were taught by a team of experienced trainers who were experts in their field.

The school was a great success. Over 10,000 people attended its courses. The school's graduates went on to become leaders in their fields, including:

- Business
- Education
- Government
- Healthcare
- Law

In 1984, the school closed its doors. However, its legacy continues to live on. The school's courses are now available online, and its graduates continue to use the skills they learned to make a difference in the world.
