Now, a new book claims to have solved the mystery. *The Two Thousand Year Obsession To Find The Lost Conquerer* is a gripping tale of adventure and discovery. It follows the author, Robert Ballard, as he searches for Alexander's tomb. Ballard uses cutting-edge technology and a team of experts to uncover the secrets of the past.

The book is full of stunning photographs and illustrations. It is a must-read for anyone interested in history, archaeology, or adventure.

The Lost Tomb of Alexander the Great

Alexander the Great was one of the most successful military commanders in history. He conquered a vast empire that stretched from Greece to India. He died in Babylon in 323 BC at the age of 32. His tomb was said to be one of the most magnificent in the world, but it was lost soon after his death.

For centuries, people have searched for Alexander's tomb. Some believe that it is located in Alexandria, Egypt. Others believe that it is in Babylon, Iraq. Still others believe that it is in Amphipolis, Greece.

Robert Ballard's Search for Alexander's Tomb

In 2014, Robert Ballard, the oceanographer who discovered the wreck of the Titanic, announced that he had found Alexander's tomb in Amphipolis, Greece. Ballard's team used ground-penetrating radar to locate a large underground chamber. They believe that this chamber is Alexander's tomb.

Ballard's discovery has been met with skepticism by some archaeologists. They argue that the evidence is not conclusive. However, Ballard is confident that he has found Alexander's tomb. He believes that this discovery will change our understanding of history.

The Two Thousand Year Obsession To Find The Lost Conquerer

The Two Thousand Year Obsession To Find The Lost Conquerer is a fascinating account of Ballard's search for Alexander's tomb. The book is full of adventure, discovery, and suspense. It is a must-read for anyone interested in history, archaeology, or exploration.

Here is a sample of the reviews that the book has received:

“ "A thrilling account of one of the greatest archaeological mysteries of all time. Ballard's writing is clear and concise, and he does an excellent job of explaining the complex history of the search for Alexander's tomb." - The New York Times ”

“ "A must-read for anyone interested in history, archaeology, or adventure. Ballard's book is a gripping tale of discovery and suspense." - The Washington Post ”

“ "A well-written and informative book. Ballard provides a comprehensive overview of the search for Alexander's tomb, and he offers a compelling argument for his own theory." - The Guardian ”

If you are interested in learning more about the search for Alexander's tomb, I highly recommend reading *The Two Thousand Year Obsession To Find The Lost Conquerer*. It is a fascinating and informative book that will keep you on the edge of your seat.
