Here are the rising stars who are set to dominate the NBA in the years to come:

- **Zion Williamson**

Zion Williamson is a 6'6", 285-pound forward who is considered to be one of the best prospects to enter the NBA in years. He is a powerful scorer who can dunk over defenders with ease. Williamson is also a good passer and rebounder, and he has the potential to be a complete superstar.

- **Ja Morant**

Ja Morant is a 6'3", 175-pound point guard who is quickly becoming one of the most exciting players in the NBA. He is a lightning-fast scorer who can get to the basket at will. Morant is also a good passer and defender, and he has the potential to be a franchise player.

- **Luka Dončić**

Luka Dončić is a 6'7", 230-pound point guard who is already one of the best players in the NBA. He is a skilled scorer who can shoot, pass, and rebound. Dončić is also a good defender, and he has the potential to be a superstar for years to come.

- **Trae Young**

Trae Young is a 6'1", 180-pound point guard who is known for his incredible shooting ability. He is one of the best three-point shooters in the NBA, and he is also a good passer and scorer. Young is still developing on the defensive end, but he has the potential to be a star in the NBA.

- **De'Aaron Fox**

De'Aaron Fox is a 6'3", 195-pound point guard who is one of the fastest players in the NBA. He is a great scorer who can get to the basket at will. Fox is also a good passer and defender, and he has the potential to be a star in the NBA.

These are just a few of the young superstars who are set to dominate the NBA in the years to come. These players are all incredibly talented, and

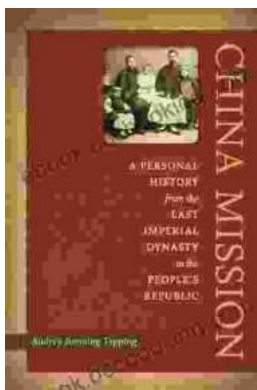

they have the potential to be some of the best players in the league. It will be exciting to see how their careers unfold.
